Juniors To Stage 2nd Annual Production

"SHAME ON BUNNY" WILL BE
PRESENTED ON APRIL 7TH
AND 8TH

"Shame on Bunny"

The Junior Community Club is about to launch its second big Musical Comedy success. Everyone—for everyone was there, you know—remembers the wit, talent and beauty which combined to make the show of last year such a feature of Narberth's repertoire in entertainment for the year.

This year the Club has advanced a step further and is offering a production in which the musical score, plot and dialogue have had sufficient proof of their value in a week's successful run at the Little Theatre, Philadelphia. With such a background, it is not hard to imagine that the talented members of the Juniors selected for the cast are going to be able to present to Narberth two evenings of most brilliant and fascinating entertainment.

The Comedy, which is titled, "Shame on Bunny," is to be held on Friday evening, April 7th, and Saturday evening, April 8th, in the High School Auditorium. Ticket prices are exceptionally low, so that everyone may have a chance to witness this charming production. Reserved seats (get them early!) are to be seventy-five cents, and other seats (come early!) fifty cents. A small price indeed, compared to Musical Comedy prices in the city—but the proportion of enjoyment to be derived is undiminished. Show yourself and your friends an evening's good time—treat them Friday night—and they'll treat you Saturday. A REAL SHOW.

RUMMAGE SALE ON THE 13TH

A Rummage Sale for the benefit of the Main Line Federation of Churches will be held in the Bryn Mawr Fire House, Lancaster Pike and Merion Avenue, Bryn Mawr, on Monday, March 13th, from two to seven o'clock. One of the women in each of the Churches in the various communities has been designated to receive all articles for the sale. Your co-operation is earnestly desired to make this Rummage Sale a great success.

TENNIS DANCE THIS SAT. NIGHT

The first Spring Dance of the Narberth Tennis Association is being given this Saturday evening at Elm Hall. It is expected that a big crowd will be on hand to enjoy the affair.

On this Friday evening the Tennis Association is holding its annual meeting in the community room of the Y. M. C. A. building.

SCOUT NEWS

Meeting called at 7.45. Scoutmaster, mascot and 26 scouts present. We then discussed the wireless. Joe Snyder and myself then received Life and Star Badges. The meeting closed about 8.30.

Council Will Hold Important Meeting

Important matters will come up before Borough Council at the regular monthly meeting, next Monday night.

It is expected that the amended Snow removal ordinance, presented by Mr. Hall at the last meeting will be brought up for action on second and third reading, and that the pending matter of Borough police protection will be acted upon.

The Commissioners of Lower Merion Township have consented to cooperate with the Borough of Narberth in the matter of placing our local police matters under the Lower Merion force. It has been reported in Philadelphia and other Main Line papers that three policemen have been appointed from the Lower Merion force to patrol Narberth, but this is not correct. The Township has indicated its willingness to do this, and has recently increased its force greatly, but the matter has not as yet been taken up by Borough Council.

Since the resignation of Frank N. Vin, former policeman at Narberth, Captain Donaghy's men have been patrolling the Borough. This has been done solely out of courtesy, as no arrangements of a permanent character have been made.

The plan, as now considered, is to have the services of three members of the Township force, on eight-hour shifts, acting in conjunction with the Lower Merion system, including necessary call boxes and equipment. The large increase over former costs is the consideration which must be taken in to account by Council on Monday.

It is also expected that the matter of Daylight Saving will be taken up. Philadelphia has recently passed the Ordinance, establishing Daylight Saving in the City, and Narberth, together with other suburban towns will no doubt follow suit.

Community Club Notes

An interesting meeting took place on Tuesday the seventh, at the Women's Community Club.

Prof. Charles Walsh, prominent in educational circles, gave a brief talk on "Youthful Education." He spoke of the corrected influences of youth.

Nagging should be abolished and in its place we should seek out the children's hobbies and encourage them.

They should be urged to think hard and continually and to make it a habit. We should fill our schools with great personalities. There are two ways of doing this.

First—Pay a living wage to teachers, and second—Pay in respect and recognition.

The technical and industrial training is excellent for the preparation of war—but art, history, classics and the ability to understand one another is the best method of training for peace.

He also mentioned the German submarines as an illustration. They train their men for one special kind of work—where in America one must learn the general line through and through, and then specialize on one branch. Meaning the technical and industrial education should have the general education first.

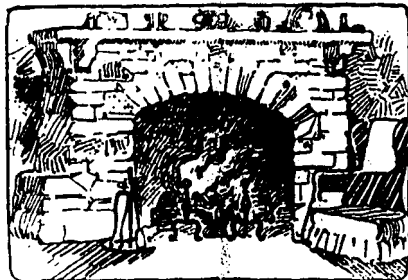

Finally he spoke of the majority of the movies as being more silly than sinful, but that we should learn to love and cherish the good things.

Professor Walsh is formerly from an Ethical Culture school in New York City.

A duet solo rendered by Mrs. F. R. Gifford and Mrs. C. A. Farmer, also a piano solo by Miss Emily Sibley, was most enjoyable.

The usual social hour followed the meeting.

Miss Roberts presided at the refreshment table, assisted by Mrs. Harry Cafferty, Mrs. Albert Fredericks, Mrs. John Wister Fox, Mrs. Joseph A. Houghler, Mrs. George B. Johnson and Mrs. Robert F. Wood.

Primaries Topic At Women's Luncheon

PROMINENT SPEAKERS DISCUSS
COMING ELECTIONS AND OTHER
PUBLIC QUESTIONS

One of the most interesting affairs held in Narberth in a long while was the luncheon of the League of Women Voters, last Wednesday afternoon, in the community room of the Y. M. C. A. The meeting was for the purpose of preparing the women for the coming Primary Election, and to stress the importance of every voter being registered correctly.

After the luncheon, prepared and served by the new citizens themselves, Mrs. C. P. Fowler, who presided, introduced the speakers.

Hits Excessive Tax Collection Fees
Benjamin F. Ludlow, a prominent Philadelphia attorney, and a member of the State Tax Law Revision Committee, who was the first speaker, explained that the proposed tax revision law did not provide for a revision of the tax laws as to real estate, but rather the methods of collecting taxes. He spoke of the tabling of the Marshall tax revision bill and the understanding that seemed to prevail in some quarters that the bill was "dead and buried," but assured his hearers that any such "death report" was premature and that the bill would be heard from later.

He called attention to the fact that the commissions from taxes collected here in Pennsylvania are so excessive that the township treasurer is able to collect in fees over \$1,000 per month, which is more than United States Senators and other large office holders are paid. He was positive that if Ohio can collect its taxes at one-fifth of the recent cost of doing the same work here in Pennsylvania, our State ought to be able to do as well.

Miss Martha Thomas, of the State League of Women Voters, spoke in the place of Mrs. Lawrence Lewis Smith, who was unable to attend. Miss Thomas explained and emphasized the need of women joining the League, and paying dues so that the educational work of the League may be continued. She called attention to the convention of the National League of Women Voters which will be held this spring in Baltimore, and urged that as many Narberth women as possibly could should attend the convention session. She also invited all women voters to visit the League's room in the Finance Building, Philadelphia, whenever they had an opportunity.

Why Primaries Are Better
The advantages of the Primary Election method of selecting candidates for the party tickets over the old convention method were discussed by William H. Berry, until recently Collector of the Port of Philadelphia, and former State Treasurer. He told of the old-time conventions which were packed with the henchmen of the political bosses; how the leaders decided practically everything outside of the convention halls, and that what transpired in the conventions was usually

Noted Cellist Secured For Choral Concert

THE CELEBRATED MICHEL PENHA
TO PLAY IN NARBERTH ON
MARCH 24TH

On Friday evening, March 24, Michel Penha, the renowned solo 'cellist and successor of Hans Kindler, in the Philadelphia Orchestra, will be the special feature in the concert to be given by the Narberth Choral Society in the School Auditorium. Penha was born about 32 years ago in Sweden, and has been first 'cellist of the Philadelphia Orchestra for the last two seasons.

He will appear with the Orchestra as Soloist at the Academy on March 17 and 18, and will play Brahms' Concerto.

Penha recently played one of Strauss' compositions in New York, under the composer's baton, upon 24 hours' notice, and was presented at that time with Strauss' photograph, and highly complimented by the venerable Composer.

This remarkable musician has made several concert tours of the United States, England, India, Continental Europe, Asia, South America, etc. In addition to his renown as a 'cellist, Penha is a conductor. He is quite tall, has an extremely charming personality, is rather eccentric and very democratic.

An Opportunity for Narberth
Penha will play "Adagio," by Maurice "Menuet," by Valentin; "Allegro Appassionata," by Saint Saens; "Danse," by Jerald; "Romance," by Arensky, and "Capriccio," by Arensky, etc.

The Chorus will present "The Highwayman," a beautiful short cantata, which is a poem by Alfred Noyes, the English poet, set to very stirring music.

It is a story of a highwayman who loves the "landlord's daughter." One beautiful moonlight night, their love scene is overheard by "Tim, the jealous, ostler, with eyes of hollowed madness." The following day, the maiden is seized by a red coat troop and bound to her narrow bed. "She twisted her hands behind her, but all the knots held good. She writhed her hands till her fingers were wet with blood. And the hours crept by like years! Till now! On the stroke of midnight, the tip of one finger touched it! The trigger at least was hers!" "Trot, trot, trot!" "Did they hear it?" "Trot, trot, trot, nearer he came and nearer"

When you come to the School on the 24th, you will hear how the maiden saved the life of her lover. Mrs. William T. Taylor will sing the part of the Landlord's daughter. She handles the beautiful arias with splendid interpretation.

As a contrast the Chorus will sing the "Legend of the Bells," which is a light and dashing number taken from the ghost scene of "The Chimes of"

CALLED TO ACCOUNT

Our columnist, we see, has called us to account for the vocabulary we used in commenting on the Home and School meeting last week.

We shall endeavor to improve in future. The sentence, no doubt, should have read, "They're going to make the school bigger."

WESTMINSTER CIRCLE ENTERTAINMENT A SUCCESS

Full of humor and with just enough plot to interest the audience through to the finish, the sketch, "How the Club was Formed," was ably presented by the Westminster Circle at the Presbyterian Church on February 23rd and repeated on March 3rd.

Each person in the cast portrayed a distinct character. Mrs. Wm. Loughlin, who, as Mrs. Jones, who formed the Club deserves special mention as having the longest and one of the most difficult parts in the sketch. Mrs. Cleon Brownell and Mrs. C. Arley Starnier, in their roles as neighbors of Mrs. Jones, received much applause, and Mrs. Edw. K. Bauer was a complete success as Hannah Maria, the inspiration of the club.

The Circle also presented, with the assistance of Wallis Boileau, Jr., the one act play "Gettin' Acquainted." Mrs. Boileau and Mrs. Horace McConnell, as the "spinsters" in the sketch, provided an excellent background for the splendid acting of Mr. Boileau, who brought laugh after laugh from the audience as John Purdy, a wooer for fifteen years.

Mrs. Kathryn Trowbridge rendered a vocal selection most pleasingly with Miss Sjöholm as accompanist, and Miss Sara Shriner gave a humorous reading in her usual charming manner.

At the close of the entertainment, Mrs. Horace McConnell was presented with a lovely bar pin by the cast, in appreciation of her work in directing the successful program.

A RESOLUTION

Passed By the Narberth Board of Health

BE IT RESOLVED by the Narberth Board of Health, in monthly meeting assembled, that in the loss of Mr. Charles E. Kreamer, its late president,

the Board, as well as the community at large, are deprived of the valuable wisdom of a true and faithful servant.

By all who have been associated with him during the last decade in connection with the discharge of his duties, his untiring efforts, clear judgment and power of decision in matters pertaining to his office will not soon be forgotten.

The absence of his guiding hand will be keenly felt by us, his associates, and fellow townsmen, who beg to join with his bereaved family in mourning his regretted loss, and be it further RESOLVED that this resolution be spread upon the minutes of this meeting, and that a copy hereof be sent to Mrs. Kreamer.

AN EXPLANATION

Some of our readers have asked what the Narberth Choral Society, that this opportunity is taken to briefly outline the three classifications, especially as these memberships are now being offered previous to the first concert of the season:

1. Active Membership.

Dues, \$2 per year. Absence fee, 25 cents. (Singers.) Application made to E. R. Mitchell, Chairman of Active Membership Committee, or direct to Prof. Clarence C. Nee, Music Director. This membership closed until after March 24th concert, but applications taken.

2. Associate Membership.

Dues \$5.00 per season (September to September), entitled to 6 tickets a season.

A short term, Jan. 1, 1922, to Sept. 1, 1922, was necessary this second season, due to the fact that the organization wanted to have its concert year conform with its fiscal year. Hence this short season will include two local concerts, and each Associate and Sustaining Member will receive, therefore, 3 tickets for each concert, or may request any other division of tickets desired, up to a total of six.

3. Sustaining Membership.

a. Dues \$10.00 per season. Three tickets will be sent for each of the two concerts for this season; however, a Sustaining Member may secure more tickets upon request, without additional dues, through Mr. Fenno, President.

b. Dues \$25.00 per season. Three tickets will be sent for each of the two concerts for this season; however, a Sustaining \$25.00 Membership entitles holder to a still greater number of tickets upon request to President.

A contest is now being held between the different parts of the Chorus to obtain the largest number of Associate and Sustaining Members before March 20, 1922.

Please send your subscriptions in answer to letter sent to you recently about different memberships, and note any name of Choral member to whom you wish subscription credited.

The Women's Community Club Reading Circle met on Monday afternoon with Miss Florence Jacoby, of Iona Avenue, to read the poems of James Elroy Flecker, an English martyr poet of the world war, and to conclude Lytton Strachey's "Queen Victoria." The next meeting will be held with Mrs. Charles Shaw, of Avon Road.

Mr. and Mrs. George Wentworth Carr, of Overbrook, have announced the marriage of their daughter, Eleanor (Mrs. Howard Fremont Okie) to Mr. Joseph Contes Walker. The wedding took place on Feb. 27th, and after a short trip, Mr. and Mrs. Walker intend to make their home in Narberth, having rented an apartment at 108 Narberth Avenue, where they will be "at home" after April 15th. Mrs. Walker is the niece of Mr. and Mrs. Oscar Evans, of 214 Dudley Ave.

THE TOWER OF BABBLE

By Collum Righter

That formidable list of twenty-one Choral Society Vice Presidents published last week, spurs the Column to serious thought. We will venture the following suggestion: Why stop at a mere twenty-one? Why not make it an even two dozen? And then proceed to give us sixteen Presidents, forty-seven Secretaries and nineteen Treasurers. Perhaps out of such an executive aggregation, it might be possible to secure a first rate double quartet.

The Editor, in commenting on the small attendance at the last meeting of the Home and School Association, tells the world that "a projected extension of facilities is now under contemplation" which could mean anything from a new cement sidewalk to a fresh set of false teeth. It is always the safer plan to talk United States and let it go at that. Had we been at the meeting, we would have made a motion that a new school building be built out of the material in the old one—but that the old one stay right where it is until the new one was completed.

The Sauerkraut Luncheon of the Thimble Club as recently mentioned in Our Town, must, to all intents and purposes, have been a noteworthy event in the Club History. Rumor has it that three of the ladies fell head first into the kraut barrel—but as modesty on the part of the membership forbids names being mentioned, we find no means of actually verifying this report. In the language of the proletariat, it must have been "some luncheon."

Which reminds us that the regular Tuesday evening Limburger Spread of the Bodkin Club will be held next Monday morning instead of Thursday afternoon as usual. All members finding it impossible to attend are urged to do so as far as they can. Mrs. Bilge Waters will review one of the six best snailers.

And now we will settle once and for all, an old argument. The moth, of all insects, requires the least nourishment. The reason for our statement is obvious—it eats holes.

Opportunity for the Rt. Hon. B. Council Sir:—It is rumored that George Washington once threw a silver dollar across the Potomac River. On reflection it is evident that he must have thrown a great many silver dollars into the Potomac before he succeeded in throwing one clear across. The undersigned is interested in forming a company for the purpose of dredging the Potomac and thus recovering these silver dollars. Would you care to purchase a few shares of stock in this company?

J. F. S., Jr.

The rumor mentioned by this budding contributor is not without foundation. History has it that Mr. Washington was an adept in tossing coins—and, incidentally, the Immortal George was the much beset by the trials of old High Cost of Living as we poor yaps are at present. His continual effort was to make his dollars go as far as possible. Now that this part of the inquiry is settled, we turn to the matter of the dredging. The dredging venture is indeed a good one for consideration—although since Mr. Volstead came into prominence, members of a certain white-coated, blue-jowled Fraternity, whose password was Whatulthe, and whose spare moments were utilized in continually wiping mahogany with damp cloths, will steadfastly maintain that there is positively no money in water, any where all things to the contrary notwithstanding. And that's that. No, the Column would not be interested in the purchase of stock in your enterprise. But no doubt you could with little effort, persuade the Right Honorable Borough Council to divert some of the Play Ground Funds to such channels. We suggest that you present your proposition at the next sleeping—pardon us, we mean the next meeting.

Church Notes

At the annual parish meeting held recently, it was decided to add to the working force of the church, a medical missionary, and pursuant to the action taken at that meeting, Dr. Pott is now devoting his entire time and best efforts, ministering to the sick and afflicted in far away China. There are some of us who could not do this sort of work, no matter how willing we might be; there are others who would not, even though they could, but there are none of us who may not feel that we are having a little personal interest in the alleviation of pain and suffering in Saint Andrew's hospital, if we care to.

It has been decided that on the third Sunday of each month, the offertory will be devoted to missions, and it is not only a duty, but should be a matter of personal pride that this man's salary go to him regularly and on time each month, therefore the third Sunday of each month becomes a golden opportunity for all of us to show just how glad we are that All Saints Church has adopted this direct and definite plan of doing for others.

This announcement is made one week in advance of the third Sunday of the current month, in order that we may have sufficient time to thoughtfully prepare our offering.

WILD GEESSE

Many Narberthites saw a flock of wild geese, which passed over Narberth on Tuesday morning. The flock, which numbered about twenty birds, flew over in "V" formation, heading North. Their loud honking attracted the attention of many, who ran out into their yards to see them. Local bird students believe they were the Canada Goose, which migrates north at this time of year.

The return of spring has been heralded by a very early return of purple grackles (blackbirds) and robins. The song sparrows have been in full song for several weeks, and last Sunday, Mr. E. C. Griswold, of Chestnut Avenue, had a number of crocuses in bloom in his yard.

Women Voters' Luncheon

(Continued from Page 1)

all cut and dried before hand, and that even when an independent, conscientious delegate was sent to a convention, it was practically impossible for him to accomplish anything in the face of such conditions and methods.

While the Primary Election method now in use, in Mr. Berry's opinion, is not perfect, all things considered it is infinitely better than the old convention method. The best guarantee against a return to the old methods is a thorough knowledge of what those methods were and how they operated, and the best way to improve the new primary system is to acquire a thorough knowledge of our election needs and to learn from a study of our primary system itself just what the good points and defeats of the primary law

are. This is a responsibility that rests upon all citizens—women and men alike.

Important Offices to be Filled

Mrs. Schwartz, chairman of the League for Montgomery County, in a brief talk, emphasized the fact that the men who will be up for nomination and election this year will be very closely identified with public affairs that are of vital concern to all citizens—making laws which effect our purses and our educational system. It is an obligation upon every citizen to find out—before the Primaries—how these men stand on various questions; what they will do if elected, and if sent to Washington, what their attitude on international questions will be.

This year the voters of this locality will send a man from this Congressional district—the Ninth, to the House of Representatives at Washington; and a man will be sent from this Legislative district—the First, to the State Legislature at Harrisburg. Two United States Senators will also be nominated and elected.

Mrs. Schwartz finished her talk with this apt quotation:

"I hate to be a knocker.

And I like to stand for peace; But the wheel that does the squeaking Is the one that gets the grease!"

A Great Opportunity

Another timely and interesting talk was given by Thomas J. Walker, of "The Public Ledger," who gave a general view of national and State politics since the Presidential conventions in 1920. The deaths of Senators Knox and Penrose, Mr. Walker said, have broken up the old political machine in Pennsylvania, and made for the citizens of this State the greatest opportunity in many, many years, to inaugurate a new and better regime. He spoke also of Governor Sproul's hope of succeeding first Knox, and then

Penrose, and of his ambition to be elected to the Presidency.

Opposition to the Primary system on account of the cost, the speaker said, was not sound as the cost of the old convention system was practically without limit—according to the "price" of the politicians.

The last speaker, Miss Saunders, County Treasurer of the League, said she hoped that all the women at the luncheon, who were not already a member of the League, would give her the pleasure of adding their names to the membership list, reminding them that the interests and welfare of every citizen—the women equally with the men—were the final objectives of all our political activities.

The Telephone Pole is a fruitful tree.

On its angular branches are bright crystal apples, and the wires they bear aloft are the pathways of the world's conversation. They tell of the birth of a baby across the street or of the death of a monarch half way around the world.

The stately trunks of cedar and chestnut stretch from farm and town and suburb to the larger cities where the burden of wires is too great for poles, and the lines are underground.

To carry all of the telephone wires of a great city overhead would be out of the question. To put all wires underground in the less densely populated places would be just as impracticable, for it would make the cost of the service prohibitive.

Ideal telephone service should give to every subscriber, whether in city, town or country, quick communication to near or distant points in the most economical manner.

It is such an ideal that the men and women of the Bell Telephone System have constantly in view. Something new—whether it be developed in Sacramento or Kalamazoo—is immediately available to every other town in the Bell System where it may be introduced to advantage.
